About This Game

Features:

Procedurally generated planets and pseudo randomized waves of enemies in space for a different experience on each playthrough.

Emphasis on tactics in space combat through the use of scan mode which allows the player to gather info on enemies before engaging them.

Large variety of strategies through the use of modifiers on enemies that allow the player to scan them and learn their ability, spawn hazards on death, double health points, and much more!

Fast paced classic platforming action that act like bonus stages in which you speed run your way through them and collect as many spare metals as possible for your ship.

Upgrade robot reinforcements with a progression system involving 13 perks and 3 titles. Titles allow unique combinations of perks for further customization.

Original 14 piece soundtrack

Crisp retro pixel art that remains consistent with the visual style of the game.
